- outside of city limits
- more rural &/or secluded
- not on a flood plain
- no cell/other towers nearby or on property

About Us:

We are a Christian family of 7 looking for a place in the country to call home. Our desire is to raise family milk cows, beef cattle, deer, turkeys, chickens, ducks, goats, sheep, cats, and dogs. We also plan to garden, plant an orchard, manage pastures, have hay ground and some tillable ground for grains. Our current place is a rented farm in southern Iowa. We have cows, calves, chickens, cats, and dogs. While this flier depicts our dream farm, we are interested in talking with you about your place, even if it doesn't quite match our desired features.
